

# **Flamingo Class News**

## **Term 3**

**Term 2 was another great term for Flamingo Class. Everyone has worked extremely hard and have all been playing nicely together.**

**Our Term 3 topic is 'Local and School Communities'.**

**We are looking forward to learning about the communities that we are part of, the people within them who help us, what we can do to protect our community environments, and how these communities have changed. In Maths we will be practicing our number work and learning about money. In Reading and Writing we have some new class stories to read and will have writing activities to support these. We will also share our Weekend News every Monday with our peers and write about our exciting adventures.**

**If you have any questions then please do not hesitate to contact a member of the Flamingo Class team. We look forward to another busy and exciting term!**

**Lauren, Becca and Lisa**
